

List of species and its localities - 30.4.1998

by Karel Petrzelka

Acampe papillosa (Lindl.) Lindl.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Acampe rigida (Buch.-Ham. ex J.E.Sm.) Hunt.	Vietnam - Song Be province - N, NW of Loc Ninh - 200 m - mixed semideciduous forest
Acampe joiceana Seidenf.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Acriopsis javanica Reinw.	Vietnam - Dong Nai province - 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
Adenoncos vesiculosa Carr.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Aerides crassifolia Par. & Burb.	Vietnam - Lam Dong province - 20 km NW of Da Lat - Angkroet - 15-1600 m - evergreen forest
Aerides houlettiana Reichb. f.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Aerides multiflora Roxb.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Aerides odorata Lour.	Vietnam - Lam Dong province - 20 km NW of Da Lat - Angkroet - 15-1600 m - evergreen forest
	Vietnam - Thua Thien - Hue province - 30 km NW of Hue city - 600 m - semideciduous forest
	Vietnam - Lam Dong province - 20 km NW of Da Lat - Angkroet - 15-1600 m - evergreen forest
Aerides rubescens (Rolfe.) Schltr.	Vietnam - Dong Nai province - 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
Agrostophyllum planicaule (Wall. ex Ldl.) Rchb.f.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Anoectochilus lylei Rolfe ex Downie	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Appendicula cornuta Bl.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Appendicula Z / 000 / 1997 sp.	Purchased on Saigon's market - said to come from Nha Trang - probably introduced, cultivated.
Arachnis flos-aeris var. gracilis Holtt.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Arachnis labrosa (Lindl. & Paxt.) Rchb.f.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Armorum siamense Schltr.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
	Vietnam - Ninh Thuan province - NW of Phan Rang - 600 m - mixed semideciduous forest
	Vietnam - Ninh Thuan province - NW of Phan Rang - 600 m - mixed semideciduous forest
	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
	Vietnam - Khanh Hoa province - SW of Nha Trang city - 500 m - semideciduous forest
	Vietnam - Dong Nai province - 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
	Vietnam - Lam Dong province - 20 km NW of Da Lat - Angkroet - 15-1600 m - evergreen forest
	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
	Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
	Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
	Thailand - Khao Yai national park
	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
	Vietnam - Dong Nai province - 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
	Vietnam - Dong Nai province - 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest

List of species and its localities - 30.4.1998

by Karel Petrzelka

Bulbophyllum putidum (Tjism. & Binn.) J.J.Smith	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Bulbophyllum refractum (Zoll. & Moritzi) Rchb.f.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Bulbophyllum retusiusculum Rchb.f.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Bulbophyllum clandestinum Lindl.	Vietnam - Lam Dong province, 30 ofNW DaLat - near Dam Ron - 15-1600 m - evergreen forest
Bulbophyllum simondii Gagnep.	Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
Bulbophyllum spadiciflorum Tixier	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Bulbophyllum sp. nova spathulatum (Rolfe) Seidenf.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Bulbophyllum cf. retusiusculum	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Bulbophyllum tixieri Seidenf.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Bulbophyllum umbelatum Lindl.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Bulbophyllum Z / 000 / 1997 sp.	Singapore Botanical Gardens - the collection of Indochinese species - <i>no label, nor the origin</i>
Bulbophyllum Z / 001 / 1997 sp.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Bulbophyllum Z / 002 / 1997 sp.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Bulbophyllum Z / 003 / 1997 sp.	Vietnam - Ninh Thuan province - N,NW of Phan Rang - 5-600 m - mixed semideciduous forest
Bulbophyllum fascinator (Rolfe) Rolfe sp.04	Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
Bulbophyllum Z / 005 / 1997 sp.	Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
Bulbophyllum Z / 006 / 1997 sp.	Vietnam - Dong Nai province - 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
Calanthe cardioglossa Schltr.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Calanthe lyroglossa Rchb.f.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Calanthe rosea (Lindl.) Benth.	Thailand - Khao Yai national park
Calanthe rubens Ridl.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Calanthe triplicata (Willem.) Lindl.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Calanthe masuca (Don.) Lindl.	Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
Cephalantheropsis obcordata (Lindl.) Ormerod	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Ceratostylis evrardii Gagnep.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Ceratostylis tonkinensis (Gagnep.) Avery.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Chiloschista exuperei (Guill.) Garay	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Christensonia vietnamica Haager	Vietnam - Ninh Thuan province - NW of Phan Rang - 600 m - mixed semideciduous forest
Chrysoglossum sp. cf. ornatum Bl.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Cleisocentrm klossii (Ridl.) Garay	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Cleisomeria lanatum (Lindl.) ex G.Don	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Cleisomeria pilosulum (Gagnep.) Seidenf. & Garay	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Cleisostoma arietinum (Rchb.f.)Garay	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Cleisostoma birmanicum (Schltr.) Garay	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Cleisostoma crochettii (Guill.) Garay	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Cleisostoma discolor Lindl.	Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
Cleisostoma duplicilobum (J.J.Smith) Garay	Vietnam - Dong Nai province- 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
Cleisostoma furstenbergianum Krzl.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Cleisostoma inflatum (Rolfe) Garay	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Cleisostoma paniculatum (Ker-Gawl.) Garay	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Cleisostoma racemiferum (Lindl.) Garay	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Cleisostoma striatum (Rchb.f.) Garay	Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
Cleisostoma subulatum Bl.	Vietnam - Dong Nai province- 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest

List of species and its localities - 30.4.1998

Sarcoglyphis mirabilis (Rchb.f.) Garayy	Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
Cleisostoma Z / 000 / 1997	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Cleisostoma Z / 001 / 1997	
Coelogyne assamica Rchb.f. & Linden	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Coelogyne brachyptera Rchb.f.	Vietnam - Song Be province- N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Coelogyne calciola Kerr	Vietnam - Lam Dong province - 30 kmNW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Coelogyne cristata Lindl.	Vietnam - Lam Dong province - Da Lat city gardens - 1500 m - <i>probably introduced, cultivatedspecimen</i>
Coelogyne cumingii Lindl.	Vietnam - Lam Dong province - 30 km NW of Da Lat - Dam Ron - 15-1600 m - evergreen forest
Coelogyne dichroantha Gagnep.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Coelogyne lawrenceana Rolfe	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Coelogyne fimbriata Lindl.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Coelogyne flilipeda Gagnep.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Coelogyne fuscescens var. brunnea Lindl.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Coelogyne eberhardtii Gagnep.	Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
Coelogyne mooreana Rolfe	Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
Coelogyne pallens Ridl.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Coelogyne sanderae Kraenz.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Coelogyne stricta (D.Don) Schltr.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Coelogyne trinervis Lindl.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Coelogyne viscosa Rchb.f.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Coelogyne Z / 000 / 1997 sp.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Cymbidium aloifolium (L.) Sweet	Vietnam - Dong Nai province- 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
Cymbidium banaense Gagnep.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
	Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
	Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
	Vietnam - Lam Dong province - 30 km NW of Da Lat - 15-1600 m - evergreen forest
	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
	Vietnam - Dong Nai province - 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
	Vietnam - Lam Dong province - 30 km NW of Da Lat - Dam Ron - 15-1600 m - evergreen forest
	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest

by Karel Petrzelka

Dendrobium chrystyanum Rchb.f.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Dendrobium chrysotoxum Lindl.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Dendrobium concinnum Mig.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Dendrobium crepidatum Lindl. & Paxt.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Dendrobium crumenatum Sw.	Vietnam - Lam Dong province - 20 km NW of Dalat - Angkroet - 15-1600 m - evergreen forest
Dendrobium cumulatum Lindl.	Vietnam - Dong Nai province - 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
Dendrobium delacourii Guill.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Dendrobium thyrsoflorum Rchb. f. ex André	Vietnam - Gia Lai - Kon Tum province - <i>not recorded by us - purchased on Saigon's market</i>
Dendrobium devonianum Paxt.	Vietnam - Gia Lai - Kon Tum province - <i>not recorded by us - purchased on Saigon's market</i>
Dendrobium draconis Rchb. f.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Dendrobium ellipsophyllum T. & Wang	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Dendrobium exile Schltr.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Dendrobium farmeri Paxt.	Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
Dendrobium fimbriatum Hook.	Vietnam - Lam Dong province - 30 km NW of Da Lat - Dam Ron - 15-1600 m - evergreen forest
Dendrobium findlayanum Par. & Rchb.f.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Dendrobium formosum Roxb. ex Ldl.	Vietnam - Lam Dong province - Da Lat city gardens - <i>probably introduced, cultivated specimens</i>
Dendrobium devonianum Paxt. var. (gratiosissimum)	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Dendrobium harveyanum Rchb. f.	Vietnam - Phu Yen province - <i>not recorded by us</i>
Dendrobium hemimelanoglossum Guill.	Vietnam - Lam Dong province - 30 km NW of Da Lat - Dam Ron - 15-1600 m - evergreen forest <i>two color varieties : epichile of the lip dark A) purple - blackish coloured B) simply light green.</i>
Dendrobium linguella	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Dendrobium heterocarpum Lindl.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Dendrobium indivisum (Bl.) Miq.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Dendrobium infundibulum Lindl.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Dendrobium intricatum Gagnep.	Vietnam - Dong Nai province- 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
Dendrobium langbiense Gagnep.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Dendrobium leonis (Lindl.) Rchb. f.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Dendrobium lindleyi Steudel.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Dendrobium cf. nobile	Vietnam - Phu Yen province - <i>not recorded by us</i>
Dendrobium lomatochilum Seidenf.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Dendrobium longicornu Lindl.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Dendrobium cf. nathanielis Rchb. f.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Dendrobium nobile Lindl.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Dendrobium ochraceum de Wild.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Dendrobium oligophyllum Gagnep.	Vietnam - Dong Nai province- 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
Dendrobium pachyglossum Par. & Rchb.f.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Dendrobium pachyphyllum (Kze.) Bakh. f.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Dendrobium farmeri Paxton	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Dendrobium parciflorum Rchb. f. ex Lindl.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Dendrobium parishii Rchb.f.	Vietnam - Lam Dong province - Da Lat city gardens - 1500 m - <i>not recorded by us</i>
Dendrobium pendulum Roxb.	Vietnam - Gia Lai - Kon Tum province - <i>not recorded by us</i>
Dendrobium perulatum Gagnep.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Dendrobium primulinum Lindl.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest

List of species and its localities - 30.4.1998

by Karel Petrzelka

Dendrobium pulchellum Roxb. ex Lindl.	Vietnam - Gia Lai - Kon Tum province - <i>not recorded by us</i>
Dendrobium salaccense	Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
Dendrobium secundum (Bl.) Lindl.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Dendrobium senile Par .& Rchb.f.	Laos - <i>not recorded by us (according to our experiences - occurrence in Vietnam doubtful)</i>
Dendrobium signatum Rchb.f.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Dendrobium leonis (Lindl.) Rchb. f.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Dendrobium tortile Lindl.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Dendrobium sp. cf podagraria cf. truncatum Lindl.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Dendrobium unicum Seidenf.	Vietnam - Song Be province- N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Dendrobium venustum Teijsm. & Binnend.	Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
Dendrobium schildhaurei Ormerod et Pedersen	Vietnam - Song Be province- N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Dendrobium wardianum Warner	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Dendrobium schrautii Schildh.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Dendrobium Z / 000 / 1996 sp.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Dendrobium Z / 001 / 1997 sp.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Dendrobium cf. macrostachyum /peloric/(sp.2)	Vietnam - Dong Nai province- 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
Dipodium paludosum (Griff.) Rchb.f.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Doritis pulcherrima Lindl.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Eparmatostigma dives (Rchb.f.) Garay	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Epigeneium amplum (Lindl.) Summ.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Eria acervata Lindl.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Eria cf. bractescens Lindl.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Eria cf. bipunctata Lindl.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Eria cochinchinensis Gagnep.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Eria corneri Rchb.f.	Vietnam - Lam dong province - 20 km NW of Da Lat - Angkroet - 15-1600 m - evergreen forest
Eria dacrydium Gagn.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Eria discolor Lindl.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Eria floribunda Lindl.	Cambodia - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
Eria globifera Rolfe	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Eria obscura Avery.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Eria paniculata Lindl.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Eria pannea Lindl.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Eria porteri Seidenf. & A.D.Kerr	Vietnam - Lam Dong province - 30 km NW of Da Lat - Dam Ron - 15-1600 m - evergreen forest
Eria pubescens (Hook.) Steudel.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Eria setupensis Rolfe ex Downie	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Eria siamensis Schltr.	Vietnam - Lam Dong province - 20 km NW of Da Lat - Angkroet - 15-1600 m - evergreen forest
Eria tomentosa (Koen.) Hook.f.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Eria Z / 000 / 1997 sp.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Eria eriopsidobulbon	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Eria Z / 002 / 1997 sp.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Eria Z / 003 / 1997 sp.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Eria Z / 004 / 1998 sp.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Eulophia graminea Lindl.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest

List of species and its localities - 30.4.1998

by Karel Petrzelka

- Eulophia macrobulbon (Par. & Rchb.f.) Hook.f.
 Eulophia spectabilis (Dnst.) Sursh.
 Flickingeria sp.
 Gastrochilus acutifolius (Lindl.) Kuntze
 Gastrochilus calceolaris (Bch.-Hm.ex JJS)D.Don
 Gastrochilus hainanensis Tsi
 Gastrochilus obliquus (Lindl.) Kuntze
 Gastrochilus cf. yunnanensis Schlechter
 Geodorum siamense Rolfe ex Downie
 Goodyera procera (Ker Gawl.) Hook
 Goodyera cf. hispida Lindl.
 Goodyera procera (Ker-Gawl.) Hook.
 Grammathophyllum scriptum (l.) Blume
 Grossourdyia appendiculata (Bl.) Rchb. f.
 Habenaria rhodocheila Hance
 Holcoglossum subulifolium (Rchb.f.) Christenson
 Hygrochilus parishii (Vtch. & Rchb.f.) Pfitz.
 Kingidium deliciosum (Rchb.f.) Sweet
 Liparis cespitosa .
 Liparis viridiflora Lindl.
 Liparis Z / 000 / 1997 sp.
 Liparis Z / 001 / 1997 sp.
 Ludisia discolor (Ker-Gawl.) A.Rich.
 Luisia brachystachys (Lindl.) Blume
 Luisia macrotis Rchb.f.
 Luisia zollingeri Rchb. f.
 Luisia morsei Rolfe (sp.2)
 Macropodanthus alatus (Holtt.) Seidenf. & Garay
 Malaxis acuminata D.Don
 Malaxis latifolia J.E.Smith
 Malleola dentifera J.J.Smith
 Micropera pallida (Roxb.) Lindl.
 Micropera thailandica (Seidenf. & Smitin.) Garay
 Microssacuss griffithii (Par. & Rchb.f.) Seidenf.
 Mischobulbum cordifolium (Hk.f.) Schltr.
 Monomeria dichroma (Rolfe) Schltr.
 Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
 Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
four distinctly different colour varieties
 Vietnam - Dong Nai province- 75 km NE of Saigon- Tri An - 100 m - secondary, semideciduous forest
 Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
 Vietnam - Ninh Thuan province - NW of Phan Rang - 600 m - mixed semideciduous forest
 Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
 Vietnam - Dong Nai province- 75 km NE of Saigon - Tri An - 100 m- secondary, semideciduous forest
 Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
 Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
 Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
 Vietnam - Khanh Hoa province - NW of Nha Trang - 800 - semievergreen forest
 Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
 Laos - *not recorded by us (... according to our experiences - occurrence in Vietnam highly doubtful)*
 Vietnam - Dong Nai province- 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
 Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
three distinctly different colour varieties
 Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
 Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest .
we have collected four distinctly different colour varieties in there, exp. var. mariottiana & purpurea
The light greenish - yellow variety is said to be sometimes found in Lam Dong - Dac Lac provinces.
 Vietnam - Dong Nai province- 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
 Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
 Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
 Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
 Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
 Vietnam - Khanh Hoa province - NW of Nha Trang - 800 - semievergreen forest
two distinctly different varieties - green and dark purple foliage, both reticulated by golden veins.
 Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
 Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
 Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
 Cambodia - Mondul Kiri province - near O Rang - 900 m - evergreen forest
 Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
 Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
 Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
 Vietnam - Dong Nai province- 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
 Vietnam - Dong Nai province- 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
 Vietnam - Dong Nai province- 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
 Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
 Vietnam - Lam Dong province - 30 km NW of Da Lat - Dam Ron - 15-1600 m - evergreen forest
 Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
two of our three distinctly different colour varieties are from Cambodia

List of species and its localities - 30.4.1998

by Karel Petrzelka

Nephelaphyllum pulchrum Bl.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest <i>identification uncertain - only the foliage and fragment of inflorescence</i>
Oberonia anceps Lindl.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest <i>two colour varieties - red-brown and glossy green-yellow</i>
Oberonia cf. integerrima Guill.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Oberonia gammiei King et Pantl.	Vietnam - Lam Dong province - 20 km NW of Da Lat - Angkroet - 15-1600 m - evergreen forest
Oberonia rufilabris Lindl.	Vietnam - Dong Nai province- 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
Oberonia variabilis Kerr.	Vietnam - Dong Nai province- 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
Ornithochilus difformis (Wall. ex Lindl.) Schltr.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Otochilus fuscus Gagnep.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Panisea albiflora (Ridl.) Seidenf.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Panisea tricallosa Rolfe	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest <i>Our flowering specimens were <u>unifoliolate</u> only.</i>
Paphiopedilum appletonianum (Gower) Rolfe	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Paphiopedilum callosum (Rchb.f.) Stein.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Paphiopedilum concolor (Lindl.) Pfitz.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Paphiopedilum delenatii Guill.	Purchased on Saigon's market - said to come from Khanh Hoa - Nha Trang - Bi Dup area
Paphiopedilum gratrixianum (Masters) Guill.	Vietnam - Lam Dong province - Da Lat city gardens - 1500 m - <i>probably cultivated specimens only</i>
Paphiopedilum hirsutissimum (Ldl. ex Hook.) Stein	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Paphiopedilum niveum (Rchb.f.) Pfitz.	Thailand - purchased on Bangkok's market
Paphiopedilum purpuratum (Lindl.) Stein	Vietnam - purchased on Hanoi's market - <i>probably cultivated specimen</i>
Paphiopedilum villosum (Lindl.) Pfitz.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Paphiopedilum Z / 000 sp.	Thailand - purchased on Bangkok's market - <i>possibly natural() hybrid of P.exul + P.gratrixianum</i>
Papilionante pedunculata (A.F.G. Kerr) Garay	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest <i>we have purchased several flowering specimens, said to come from Cambodia - Mondul Kiri province</i>
also
Papilionante teres (Roxb.) Schltr.	Purchased on Saigon's market - said to come from Nha Trang - <i>probably cultivated specimens only</i>
Pecteilis susannae (L.) Rafin.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Pelantanthera ctenoglossa Ridl.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Phaius indochinensis Seidenf. et Ormerod.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Phaius longicornu Guill.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Phaius tankervilleae (Banks & l'Herit.) Bl.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Phalaenopsis chibae Yukawa	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Phalaenopsis lobbii (Rchb.f.) Sweet	Vietnam - Lam Dong province - 20 km NW of Da Lat - Angkroet - 15-1600 m - evergreen forest
Phalaenopsis mannii Rchb. f.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Pholidota articulata Lindl.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Pholidota guibertiae Finet	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Pholidota imbricata W.J.Hook	Vietnam - Dong Nai province- 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
Pholidota leveilleana Schltr.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Pholidota recurva Lindl.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Plocoglottis javanica Bl.	Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
Podochilus microphyllus Lindl.	Vietnam - Lam Dong province - 20 km E of Di Linh - 12-1400 m - evergreen forest
Podochilus sp.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Polystachia concreta (Jacq.) Garay & Sweet	Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest

List of species and its localities - 30.4.1998

by Karel Petrzelka

Pomatocalpa spicata Breda.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Pteroceras compressum (Blume) Holttum	Vietnam - Dong Nai province- 75 km NE of Saigon- Tri An - 100 m - secondary, semideciduous forest
Pteroceras leopardinum Seidenf. & Smitin.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Pteroceras semiteretifolium H.E. Pedersen	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Pteroceras sp.	Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
Renanthera coccinea Lour.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Renanthera imschootiana Rolfe	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Rhynchogyna fallax (Guill.)Seidenf. comb.nov.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Rhyncostylis coelestis Rchb.f.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Rhyncostylis gigantea (Lindl.) Ridl.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Robiquetia spathulata (Bl.) J.J.Smith	Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
Robiquetia succisa (Lindl.) Seidenf. & Garay	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Sarcoglyphis mirabilis (Rchb.f.) Garay	Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
Schoenorchis gemmata (Lindl.) J.J.Smith	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Schoenorchis tixieri (Guill.) Seidenf.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Schoenorchis sp. gf. gemmata	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Smitinanda micrantha (Lindl.) Holtt.	Vietnam - Dong Nai province- 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
Spathoglottis plicata Bl.	Purchased on Saigon's market - said to come from Phan Rang - <i>probably cultivated specimens only</i>
Staurochilus fasciatus (Rchb.f.) Ridl.	Vietnam - Dong Nai province- 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
Stereochilus dalatensis (Guill.) Garay	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Tainia hookeriana King & Pantl.	Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
Tainia sp.	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Thecostele alata (Rchb.f.) Rchb.f & Par.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Thrixspermum amplexicaule (Bl.) Rchb.f.	Vietnam - Lam Dong province - 20 km NW of Da Lat - Angkroet - 15-1600 m - evergreen forest
Thrixspermum centipeda Lour.	Vietnam - Dong Nai province- 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
Thrixspermum leucarachne Ridl.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Thrixspermum trichoglottis (Hk.f.) Ktze.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest
Thrixspermum Z / 000 / 1996 sp.	Vietnam - Lam Dong province - Da Lat city gardens - 1500 m - said to come from Langbian
Trias nasuta (Rchb.f.) Stapf	Cambodia - Mondul Kiri province - near O Rang city - 900 m - evergreen forest
Trichoglottis lanceolaria Bl.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - evergreen forest
Trichoglottis retusa Bl.	Vietnam - Dong Nai province- 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
Acampe ochracea (Lindl.) Hochr.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Trichotosia dalatensis (Gagnep.) Seidenf.	Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - evergreen forest
Trichotosia dasyphylla (Par. & Rchb.f.) Krzl.	<i>identification based on the very characteristic appearance of the foliage, e.g. its blackish tomentum.</i> Vietnam - Dong Nai province- 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
Trichotosia pulvinata (Lindl.) Krzl.	<i>identification based on the very characteristic appearance of the foliage, fruits, fragments of flowers only</i> Vietnam - Dong Nai province- 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest
Vanda denisoniana Benson & Rchb.f.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Vanda lilacina Teijsm. & Binnend.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest
Vanda pumila Hook.f.	Vietnam - Song Be province - N,NW of Loc Ninh - 200 m - mixed semideciduous forest

List of species and its localities - 30.4.1998

by Karel Petrzelka

Following species were identified by fragments of flowers and shape of the plants only:

(.....unfit for photo-documentation)

Agrostophyllum brevipes King & Pantling

Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest

Ceratostylis subulata Blume

Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest

forest

Cymbidium devonianum Paxt.

Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest

Deceptor bidupensis (Tix. & Guill.) Seidenf.comb.nov.

Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest

Liparis elliptica Wight

Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest

Malleola insectifera (J.J.Sm) J.J.Sm & Schlechter

Vietnam - Dong Nai province - 75 km NE of Saigon - Tri An - 100 m - secondary, semideciduous forest

Pelatantheria riversii (Guill.) Tang & Wang

Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest

Plocoglottis bokorensis (Gagnep.) Seidenf.

Vietnam - Lam Dong province - 30 km NW of Da Lat - near Dam Ron - 15-1600 m - evergreen forest

forest

Thunia alba (Lind.) Rchb.f.

Vietnam - Lam Dong province - 5 - 7 km S,SW of Bao Loc - 1000 m - evergreen forest
